## FOURTH ANNUAL REPORT OF TRUSTEES OF THE TAFT PUBLIC LIBRARY.

---

The Trustees have to report the continued usefulness and prosperity of the Library. The Board reorganized April 19, 1884. The Purchasing Committee have purchased during the year new books to the amount of \$89.30, and hope the selection of the same has been generally acceptable. The labors of the Librarian have been satisfactory, alike to the Trustees and to those who have availed themselves of the privileges of the Library, and we take pleasure in announcing that her services have been secured for the ensuing year.

The Trustees were deeply grieved to learn of the sudden decease of Mrs. Susan E. Huston, the founder of this Library, which occurred at Providence, R. I., on the 4th of July last. They met at the Library rooms, July 5, and passed resolutions of respect and sympathy, which were spread upon the records of the Trustees, a copy sent to the bereaved family, and they were also published in the Milford Journal. The portrait of Mrs. Huston hanging in the Library room, was draped.

On Sunday, August 10, a sermon commemorative of Mrs. Huston was preached by Rev. Carlton A. Staples of Lexington, Mass., before a large gathering of her friends and acquaintances, in the Unitarian church in this place. It was a fitting eulogy, with many illustrations showing her praiseworthy character and her great usefulness in the various conditions of life through which she passed from her early days to the latest period of her earthly career.

The Trustees expect to obtain, by the kindness of Mr. Staples, a manuscript copy of this sermon, which can be bound and kept in the Library, or the sermon may be printed, if hereafter deemed advisable, that all who desire to know of the life of this noble woman may have the means to do so, at command.

November 4, the Town instructed the Trustees to place a tablet to the memory of Mrs. Huston on the walls of the Library room, and one from the works of Mr. A. C. Kinney, Milford, Mass., was so placed January 20, 1885.

By reference to the Librarian's report, it will be seen that Mrs. C. A. Joy-Mann, a former resident, and others, have, during the past year, given generous gifts of books and pamphlets to the Li-

brary. To all such, we would tender the grateful thanks of our citizens.

The annual examination of the books by the Trustees, was made February 10, 1885. The books were all accounted for, and the Library ordered to be reopened February 14.

The appropriation of \$150 for the ensuing year, is recommended.

## LIBRARIAN'S REPORT.

---

TO THE TRUSTEES OF THE TAFT PUBLIC LIBRARY :

The fourth annual report of the state of the Library, is hereby respectfully submitted for your consideration.

The Library opened for the delivery of books, Feb. 9, 1884. The whole number of books borrowed up to the first of February, 1885, fifty-two weeks, was 4,778, viz: Agriculture, 52; Biography, 192; History, 307; Travel, 327; Education, 28; Poetry, 58; Miscellaneous, 173; Novels, 3,345; Periodicals, 296.

Seventy per cent. of those taken, were works of fiction. The average number borrowed each library day, was a fraction less than 92. The smallest number taken any day was 71, and the largest number 128.

The whole number of borrowers during the library year, was 315.

The additions to Library from all sources during the year, are 170 volumes.

Of these, 83 were purchased and 87 donated. The entire number of books in the Library, is 2131.

The Library has been generously remembered, and we would gratefully acknowledge the donors: From Mrs. Charlotte A. J. Mann, 71 volumes, 81 periodicals, 6 pamphlets; Henry Peirce, E. A. Snow, A. C. Stockin, I. N. Tarbox and Town of Mendon, 1 volume each; Theodore Lyman, 11 volumes, 158 pamphlets; Department of the Interior, 13 pamphlets; J. T. Cassino, 10 pamphlets; Henry Capron, 2 pamphlets; the Mendon Book Club, 36 periodicals. A small magazine has been sent monthly by the Shaker societies.

Agreeably to the 7th rule, the books were called in for the annual examination on the first Saturday of February, and every book was returned at that time.

One book has been slightly injured, and the estimated damage promptly paid.

Fines for the detention of books and cards sold, amount to \$11.97.

During the year, twenty-two have taken books for reading and reference in the library room. Eleven have availed themselves of the special rule for disputants.

MARY E. DUDLEY, Librarian.

Mendon, February 9, 1885.

## REPORT OF SUPERINTENDENT OF SCHOOLS.

TO THE CITIZENS OF MENDON:—In order to comply with the expressed wish of the Town, I am obliged to prepare this report before the North and Center schools are closed. All the schools except the North have, so far, continued through the different terms without more than the ordinary interruption.

The Spring term of the North school was shortened two weeks because of the teacher's sickness. The present term it was interrupted again for one week on account of diphtheria.

The number of weeks schooling in the common schools has been increased to thirty weeks.

The schools, with exception of the South, have been taught throughout the year by the same teachers.

It has been, and is, the desire of the superintendent to have the smallest number of classes possible, and uniform methods of teaching in all the schools. Two years ago the number of classes in the High school was seventeen; last year eleven, and this year only eight. In the Grammar, although there was a large class from the Primary in the Fall and no scholars passed from the Grammar to the High, there are but two grades. The same method has been applied to the other schools, and the teachings of the Board of Education have been followed as closely as possible. The teachers have

done all they could to make the plan a success, and the free text books were a great help to gain the desired end.

In all the schools, especial attention has been given all through the year to Writing, and this winter term to Reading. The result is a good general advance by all the schools in these two necessary acquirements.

No school has made a greater advance this year than has the Albeeville school, under Miss Dora Taft. Excellent work has been done in the Primary. The progress of the Grammar and North schools has been somewhat retarded by the frequency with which scholars have been dismissed. This is one of the worst things teachers have to contend with, for it is seldom that scholars in the common schools "make up" a lesson, if they are excused before their class recites; and unless they do so before the next recitation, the class is to a certain extent "held back." Yet in spite of this, the teachers in these schools have accomplished a good year's work.

The East school was taught by Miss Griffon of Princeton, an experienced teacher of superior ability, but one who would not use corporal punishment. Good work was done in this school, especially in Reading and Writing; but in the matter of government, the result shows that sometimes the best way out of a difficulty, for all concerned, is to resort to corporal punishment.

In the West school, excellent work has been done, and, like the Albeeville school, it has, by persistent work on the part of the teacher, been brought up to a grade with the other schools mentioned.

It is impossible to grade the South school with the others. It requires, as it were, separate treatment. The best thing for the scholars and for the town would be to close it, if the scholars can be accommodated elsewhere without too much trouble.

#### HIGH SCHOOL.

The High School is taught this year by Mr. N. Currier of Enfield, N. H., a graduate of Tuft's College. Under his charge the school is in a flourishing condition; and whether scholars have been excused before school closed or not, they have almost invariably been well prepared with their lessons before the time for recitation. Scholars have taken at least three studies this year, as they did last. The school committee consider themselves fortunate in having secured the services of Mr. Currier, and they and the parents generally are well pleased with his success as a teacher, and thoroughly appreciate his efforts to make the school a successful one.

#### FREE TEXT BOOKS.

Text books and supplies have been furnished the scholars *free*, as the law requires. It entails a great amount of work upon the school committee, and extra work upon the teachers; but the schools are certainly in a better condition than they were under the old law, as every scholar is now provided with all books and supplies neces-

sary, thereby enabling the teacher to form the classes and begin her work the first day of each term, instead of waiting the pleasure of the parents in buying books and supplies for their children. Whether the law is a desirable one for the town or not, must be left for each citizen to decide for himself. The school committee had no choice in the matter. The state made the law, and the committee had to abide by it. All books furnished the scholars, are in good condition, and have been used as well or better than those owned by the scholars. Scholars could purchase the books used, at cost, if they wished; but only two or three availed themselves of the privilege.

#### SCHOOL HOUSES.

A new woodhouse has been built and a well dug for the West school, and the school furniture newly varnished. The East house has been painted outside by the town and inside by the school. The South school house needs shingling badly, and the Primary and Grammar schoolrooms should be furnished with new stoves, as those now in use do not properly warm the rooms, although they consume a large quantity of fuel. The North school should have a well, as the scholars now have to depend entirely on the neighbors for their drinking water, and it may be economy in the end to prevent the continuance of this practice.

#### TEXT BOOKS.

The Franklin Writing series and the Eclectic Writing and Drawing series of books have been used this year, in preference to the Duplex Writing and Bartholomew's Drawing series. McGuffey's Speller takes the place of Harvey's two books by the same publishers, at about one-half the cost of Harvey's. The new Franklin Readers were used in preference to the old, when classes needed a new reader. White's Elementary Arithmetic takes the place of White's Primary and Intermediate Arithmetics. In the High school the Eclectic Physiology is used in place of Cutter's, being better adapted to the wants of the scholars and costing only one-half as much. There seems to be no need of a change in any of the text books now in use, unless it is the history. There are much better text books in the market than Scott's History, and a change might be made in these text books without much, if any, cost to the town.

In buying books, I have bought from the publishers direct, and have their word that they sold to the Town of Mendon at the same

rate as they sold to the City of Boston or any other large city. The express charges on text books were paid by the publishers.

In purchasing school supplies, not being restricted to any particular kind, I bought where I could buy the lowest. The town paid the express charges on these.

For School Committee.

## TOWN WARRANT.

---

WORCESTER, ss.—To the Constable of the Town of Mendon, in the County of Worcester, GREETING:

In the name of the Commonwealth of Massachusetts, you are directed to notify the inhabitants of the town of Mendon qualified to vote in elections and in town affairs, to meet at the town hall, in said Mendon, on MONDAY, the second day of March, next, punctually, at ten o'clock A. M., to act on the following articles, viz.:

ART. 1. To choose a Moderator to preside in said meeting.

ART. 2. To hear the reports of the several town officers and committees, and act thereon.

ART. 3. To choose all necessary town officers for the year ensuing.

ART. 4. To raise such sums of money as are necessary to defray town charges, and make appropriations of the same.

ART. 5. To determine the manner of repairing the roads and bridges in said town the year ensuing.

ART. 6. To see if the town will require the School Committee annually to appoint a Superintendent of Schools.

ART. 7. To see if the town will vote to accept the list of jurors reported by the Selectmen, or make any alterations in the same.

ART. 8. To see what measures, if any, the town will adopt to secure the speedy collection of taxes.

ART. 9. To see if the town will vote to continue the High School.

ART. 10. To see if the town will authorize the Treasurer to hire money to pay current expenses for the municipal year commencing March 2d, 1885, in anticipation of the collection of the taxes

ART. 11. To see what measures, if any, by borrowing money or otherwise, the town will take for the redemption of town bonds maturing during the municipal year commencing March 2d, 1885.

ART. 12. To bring in their ballots "Yes" or "No" in answer to

the question, "Shall licenses be granted for the sale of intoxicating liquors in this town?"

ART. 13. To see if the town will secure communication by telephone with Milford, as security against destruction by fire, or act in relation thereto.

ART. 14. To see if the town will vote to diminish the number of its School Committee.

And you are directed to serve this Warrant, by posting up attested copies thereof at each of the following places in said town, seven days at least before the time of holding said meeting; at the post-office, and on the door of the schoolhouse in Albeeville, and at the post-office at South Milford.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen or Town Clerk, before the time of meeting aforesaid.

Given under our hands at Mendon, this eighteenth day of February, in the year of our Lord one thousand eight hundred and eighty-five.
